

SAMSUNG

Do bigger things

The new Samsung Galaxy Note8 brings your ideas to life.

Innovation, stunning good looks, lightning performance from a low energy consumption 10nm processor, and high quality materials set new standards in a business smartphone.

The 3300mAh battery capacity and fast, wireless charging* will keep you going the extra mile. 6GB of RAM, 64GB on-board memory, and a Micro SD slot for adding up to 256GB of extra memory† ensure you'll never run out of room for your ideas.

The versatile S-Pen brings a new dimension to developing your thoughts - it will even translate, or convert currencies. There's a 12MP dual lens camera to add visual richness. An immersive 6.3" sAMOLED Infinity Display to give your concepts a big canvas. And Samsung DeX‡ lets you dock to an external monitor and keyboard to share your vision.

To keep your sensitive data safe, the Samsung Galaxy Note8 features Samsung Knox defence-grade security, iris scanning technology and Samsung Knox Workspace to keep business and personal activities separate. It's also IP68 water and dust resistant. And for help on the go? There's Bixby, your own personal assistant.

Wherever you go with your **Samsung Galaxy Note8**, do bigger things.

* Wireless charger sold separately. † MicroSD card sold separately. ‡ Samsung DeX sold separately.

Originate

Grab that first light bulb moment, with the versatile S-Pen Build momentum, creating proposals, reports and other Office documents on the go - Samsung Galaxy Note8 is certified for digital signatures. Share, comment, refine. Then get the full desktop experience with Samsung DeX.

Capture

Start with the versatile S-Pen and watch your first sketch turn into something exciting. Create handwritten messages and animated GIFs. Bring the concept alive, with the 12MP dual lens camera. Review, edit and polish easily on the go, then share with the world.

Adapt

Create, share, and edit on the go - you can even make notes with the screen off. From a simple reminder with the versatile S-Pen, through handwritten messages and animated GIFs, to a slick presentation with the desktop experience of Samsung DeX, you have the flexibility to work your way.

Galaxy Note8

Preserve

Whatever interrupts your day, it won't interrupt your work. Pick up again exactly where you left off, thanks to the reassurance of IP68 water resistance, a long-lasting battery, defence-grade Samsung Knox security, privacy-protecting Samsung Knox Workspace and iris scanner technology.

Stimulate

Launch exciting new ideas, and let them grow on the immersive 6.3" sAMOLED Infinity Display. Drive their development with a powerful processor. And keep them on track with Bixby, your personal digital assistant.
