RLH means you can use your UK texts, minutes & data allowance and pay no more than you would in the UK, but you'll also pay nothing extra for calling and messaging other mobiles and landlines in the EU. If you do go over your allowances, or need a bit more data, you'll still pay no more for extra minutes, texts and data than you would back home.

Speed and availability of internet access when abroad will depend on a number of factors, including which network you are roaming on and the services they have available. Other factors which may affect speeds that you may experience include your distance from the nearest mast, your location in a building, local geography and the type of device you are using.

Indivertent Reaming** If you are using your handset in a location in the UK, which is close to the border between the UK and another country, your phone may connect to a network in that other country. You will be charged at noaming rates for that usage. To prevent that occurring, you should take care to note the network to which your handset is connected when in those areas, before using the handset. Alternatively, you may be able to disable roaming on your handset or you may contact us and we can disable roaming for you.

Data cap limits we'll cap your data roaming usage at £42.50° (unless you tell us otherwise), and text you when you've hit 80% of your coaming usage (£33.33°), and another when you've hit your limit. *These figure above are ex-VAT.

MMS (Picture message) whilst Roaming Sending an MMS (picture message) will cost 41.67p (excl VAT)

EU Voice Usage (outside of allowance) Calls made when travelling within the EU but outside of UK allowances will attract a charge of 48.33p (excl VAT)

Roam Like Home - Fair Use Policy*

When we say EU* we mean the 28 member states of the European Union (excluding the UK).

*Countries in the European Union for RLH : Austria, Belgium, Bulgaria, Croatia, Oyrrus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Gibraitar, Greece, Hungary, Ireland, Italy (including Vatican City), Latvia, Lithuania, Luxembourg, Maita, Monaco, Poland, Portugal, Romania, San Marino, Slovakia, Slovenia, Spain (Including the Canary Islands), Sweden, The Netherlands.

In any rolling 4 month period, you must use more data. SMS and calls in the UK than the EU – we call this "prevailing domestic consumption", OR; In any rolling 4 month period, you must spend more days in the UK than the EU – we call this "prevailing domestic presence" (we count each day you connect to our network in the UK as a day in the UK).

**The same could also happen when abroad on the border of one country to another country. The network border issue is not just particular to the UK borders.

Inside the European Union

You can now use your UK data allowance with Roam Like Home. This means that while you're travelling in an EU country you'll be able to use data just as you would in the UK subject to fair use limits. If you don't have a data allowance, or your allowance has run out, you can still use mobile Data wherever you are in the EU and pay no more than you would in the UK, subject to fair use limits. Plus, we'll cap your roaming usage at £42.50 (excl VAT).
