## Option details and Bolt-ons

### Download Speed

Voom Fibre gives you the fastest business broadband speeds we can offer in your area. Depending on your location this may be up to 200Mbps, 350Mbps or a maximum of 500Mbps. Prior to entering into an Option with us, we will confirm the actual download speed available to you, based on your postcode.

If, during the term of your Option, upgrades to our network mean faster speeds become available in your area (up to the maximum of 500Mbps), we will inform you on when we can make this faster speed available to you.

### IP Addresses Bolt-on

Customers can upgrade their IP address feature using a Bolt-on for an additional charge per month. Please note, any movement between different levels of static IP addresses will result in changes in the IP address number range issued for your use.

If you already have static IP addresses from another provider, these can't be transferred, so we will have to allocate new static IP addresses for your use.

<sup>7</sup> You can choose between a dynamic, a single static or 5 Static IP addresses within the basic cost of Option 3

### Contract Term Bolt-on

The standard contract term for all Options is 24 months. A Bolt-on reducing the term to 12 months is available for Option 3 and Voom 500 for an additional £5 a month. This can only be taken out at the point of purchase for Option 3 and Voom 500.

### Install Cost

The Installation fee (£50) is payable in full at the point of purchase of each Option.

### Phone and Calls

You can bundle in a single phone line and call package to your Option 1, Option 2, Option 3, and Voom 500. If these are not added on the date you start your Option, then your Phone and Calls contract will continue after the date your Option terminates (unless you choose to re-sign your Option contract with us). Our standard SMB Telephony and SOHO/SME Bundle Terms and Conditions will apply.

### Cancellation charge

If you terminate your Option before the end of the minimum term, in addition to the standard cancellation charges you will pay to us an amount equal to the sum of:

- A** If you are cancelling an associated phone and call package, the remaining minimum amount payable under the terms of your phone contract.
- B** (Without double counting) an amount equal to the Rental for each of the Bolt-ons you have selected for the rest of the Minimum Term, less any payments you have already made for that period.
